### *COOL TOSS™ RULES*

1. **With two COOL TOSS™ coolers:** place them 20-feet apart. **With one COOL TOSS™ cooler:** place the COOL TOSS™ line marker 20-feet from the front of your cooler.
2. COOL TOSS™ can be played as teams or as singles. When playing in teams, two contestants are partnered against another team of two contestants. When playing as singles, a contestant competes against another contestant.
3. **With two COOL TOSS™ coolers:** For team play, a member of each competing team stands at opposite coolers. For individual play, both competitors stand at one of the coolers. **With one COOL TOSS™ cooler:** For team or single's play, all competitors stand at the COOL TOSS™ line marker.
4. **With one or two COOL TOSS™ coolers:** For team or single's play, teams/players alternate tossing one COOL TOSS™ bag from the same COOL TOSS™ cooler or line marker until both players have tossed all their bags. Once all bags have been tossed, scoring is recorded and play continues from the opposite COOL TOSS™ cooler or at the line marker with the highest scoring team/player from the last round tossing first.
5. **Scoring:**
  - 3 points – if bag lands in either of the two smaller holes
  - 2 points – if bag lands in the largest hole
  - 1 point – if bag lands and stays on the top of COOL TOSS™ cooler at the end of round of play

**Note:** competing players can negate an opposing player's point for the round of play by also scoring points within the same round
6. **How to Win:**
  - Team Play – first team to 15 points wins (must win by 2 points)
  - Single's Play – first player to 11 points wins (must win by 2 points)
